ANEENA SHAHLA

FULL STACK DEVELOPER (MERN)

aneenashahla@gmail.com | +91 8281145211 | Calicut, Kerala, India | github.com/aneena-shahla-k | linkedin.com/in/aneena-shahla | Portfolio Website

SUMMARY

Full Stack Developer (MERN) with hands-on internship experience building scalable web applications using React.js, Node.js, Express.js, and MongoDB. Experienced in developing RESTful APIs, implementing JWT authentication, integrating Cloudinary, and deploying applications using Netlify and Render. Passionate about building clean, responsive, user-focused applications while continuously learning modern web technologies and translating business requirements into functional web interface.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, Bootstrap, JavaScript (ES6+), React.js, Responsive Web Design
Backend	Node.js, Express.js, REST APIs
Database	MongoDB, Mongoose
Tools	Git, GitHub, VS Code, Postman, Cloudinary, JWT, Netlify, Render
Animations	GSAP, ScrollTrigger, Framer Motions
Concepts	CRUD Operations, REST API Development, API Integration,MVC Architecture, Responsive Web Design,

EXPERIENCE

Junior Web Developer
August 2026 – October 2026

AI Concept llc · Calicut, Kerala · Remote

- Developed responsive and interactive websites using React.js, JavaScript, HTML, CSS, and Bootstrap.
- Built and implemented website sections based on business and client requirements.
- Implemented interactive animations and scroll-based effects using GSAP, ScrollTrigger, and Framer Motion.
- Worked on client website projects and implemented required UI and functional improvements.

MERN Stack Developer Intern
December 2025 – June 2026

Zonemac Solutions · Calicut, Kerala

- Developed responsive full-stack web applications using HTML, CSS, Bootstrap, JavaScript, and React.js.
- Built reusable React components, improving maintainability and reducing development time.
- Integrated RESTful APIs and collaborated on backend development using Node.js, Express.js, and MongoDB.
- Participated in debugging, testing, deployment, and version control using Git and GitHub.

PROJECTS

LuxeLiving – Furniture E-Commerce Website
Live Demo GitHub

React.js · Node.js · Express.js · MongoDB · JWT · Cloudinary

- Developed a full-stack furniture e-commerce platform with secure Admin and User authentication using JWT.
- Implemented complete product management with CRUD operations and Cloudinary image uploads.
- Built responsive product catalog, shopping experience, and REST API integration with MongoDB.
- Deployed the frontend on Netlify and backend on Render with production-ready configuration.

Wellness – Hospital Management System
Live Demo GitHub

React.js · Node.js · Express.js · MongoDB · JWT

- Developed a hospital management system with secure user registration, login, and appointment booking.
- Built RESTful APIs for appointment scheduling and patient management using Express.js and MongoDB.
- Designed a responsive interface for users and integrated frontend with backend services.
- Deployed the application with separate frontend and backend hosting.

EDUCATION

Bachelor of Science in Computer Science
Graduated 2023

Little Flower Institute of Social Science and Health, West Kaithapoyil · University of Calicut

CERTIFICATIONS

- MERN Stack Development Certification – Zonemac Solutions
